

THE CAUCASIAN.

VOL. XXIII.

RALEIGH, NORTH CAROLINA, THURSDAY, DECEMBER 14, 1905.

NO. 50.

CONGRESS AT WORK

Lawmaking Body Organizes and Gets to Work

WILLIAMS DEMOCRATIC LEADER

Speaker Cannon is Re-elected and Rules of Last Congress Are Adopted After Humorous Speech in Opposition by Mr. Williams.

Washington, Special.—Congress convened with little of the pomp and circumstance of other days. The presence of so much fuss and flowers conflicted with the idea of the eternal fitness of things entertained by the elder statesmen. Hence, the formality of the opening session has become a somewhat less spectacular affair. However, much fine raiment in the galleries relieved the sombre aspect of the floor, where flowers were bare, and the event proved as interesting in many respects as of yore.

The following caucus nominations were elected:

Clerk—Alexander McDowell, Pennsylvania.

Sergeant-at-Arms—Henry Cassin, Wisconsin.

Doorkeeper—F. B. Lyon, New York.

Postmaster—Joseph C. McElroy, Ohio.

Chaplain—Rev. Henry N. Couden, Michigan.

The rules of the Fifty-eighth Congress, including the standing orders relating to the consideration of pension and claim bills on Fridays, on motion of Mr. Dalzell, of Pennsylvania, were ordered continued during the Fifty-ninth Congress. This resolution will be offered by Mr. Dalzell, when the House is organized next Monday.

Several New Senators Sworn In.

Washington, Special.—In the Senate Monday several new Senators were sworn in, including Mr. Frabler, of Tennessee. The credentials of Senator Taliaferro, of Florida, were presented by Senator Mallory. Senators Allison and Morgan were appointed as a committee to wait upon the President, together with a similar committee from the House.

The Message Read.

President Roosevelt's message to Congress received the attention of the House for two and a half hours Tuesday. Its reading was listened to with marked attention and at its conclusion the documents were applauded. Preliminary steps were taken toward appropriating the needed emergency funds for the Panama Canal. Should unanimous consent be refused for its consideration, a special rule from the committee on rules will be available which will put the bill on its passage after a limited period for discussion.

Mr. Webb, of North Carolina, introduced a bill to have daily reports made on the amount of cotton ginned, during the ginning season.

In the Senate.

The Senate was in session for almost three hours Tuesday and gave practically all of its time to listening to the reading of the President's annual message. There was a large attendance of Senators and the galleries were well filled, most of the time with representatives of the general public. The document received close attention from both classes, senators following the reading from beginning to end with printed copies in their hands.

Wednesday in the House.

With an opportunity for unlimited debate on the subject of the Panama Canal, the House exhausted its oratory on that subject in a session of four and three-quarter hours Wednesday. The bill appropriating \$10,000,000 for the canal work, which was the subject of discussion, will be read for amendment and placed on its final passage. The feature of the debate was the criticism indulged in by both Republicans and Democrats regarding the incompleteness of the statement of expenditures and estimates furnished by the canal commission.

Mr. Hepburn (Iowa) reviewed the canal work, stating that \$10,000,000 had been expended and that particular attention had been paid to housing employees on the isthmus and in rehabilitating the machinery the French company had left there.

In the Senate.

Senator Latimer re-introduced his good roads bill. Senator Simmons introduced a bill providing for a permanent commission to investigate the executive departments. Senator Overman presented a bill providing for a commission whose duty it shall be to enlarge the foreign market for American cotton.

Senator Culberson introduced a bill making it a felony for an insurance company or any other corporation to contribute money or anything of value toward the election of a President or a Vice-President of the United States.

To Apportion Direct Tax.

Mr. William Kitchin has introduced the following joint resolution, proposing an amendment to the Constitution relating to direct taxes:

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled (two-thirds of each House concurring therein), that the following amendment be proposed to the Legislatures of the several States which when ratified by the Legislatures of three-fourths of the several States shall become, and be a part

of the Constitution, to wit: "Direct taxes shall be apportioned among the several States according to the real and personal property, as assessed for taxation, situated in each State not belonging to each State or to the United States."

For Public Buildings. Congressman Blackburn has introduced a bill appropriating \$100,000 for the erection of a public building at Salisbury, and a bill appropriating \$50,000 for a public building at Mt. Airy. Representative W. Kitchin has introduced a bill appropriating \$50,000 for a public building at High Point.

RUSSIAN GENERAL KILLED

Former Minister of War Sakharoff is Assassinated With a Revolver in the House of the Governor of Saratoff by a Woman Who Had Asked to See Him.

London, By Cable.—The St. Petersburg correspondent of The Daily Telegraph, in a dispatch dated December 5, sent by way of Edytkulmen, Prussia, says:

"Lieutenant General Sakharoff, former Minister of War, was assassinated."

"The government had deputized General Sakharoff to visit the province of Saratoff, for the purpose of quelling the agrarian riots there."

"A woman belonging to the so-called 'lying columns' of the revolutionary movement, called at the house of the Governor of Saratoff at noon and asked to see General Sakharoff."

"She fired three revolver shots at the general, killing him on the spot."

"The tidings reached St. Petersburg. Count Witte charged Lieutenant General Rudiger, Minister of War, with the task of breaking the news to Mme. Sakharoff."

"The event has created a profound impression in St. Petersburg, owing to fears that the revolutionists here will follow the example thus set."

"The spectre of a military dictatorship, which has been looming on the horizon, is slowly gaining consistency and sharpness of outline."

"I am personally convinced that Count Witte's faith in the good sense and political tact of the Russian thinking classes, which recently was as firm as a rock, is gradually weakening, and with it his hopes for the carrying out of the liberties promised in the Emperor's manifesto."

Fearful Conditions Prevail.

St. Petersburg, Special.—Intense alarm prevails here. Communications with the outer world by telegraph ceased when the Finnish operators joined their Russian comrades. The embassies, legations and banks are hastily organizing courier services to both Finnish and German frontiers. The population is almost in a state of panic, fearing that the railroads will stop running and that the inhabitants therefore will have no mode of flight in the event of the cataclysm which they seem to fear is imminent.

First Train to Knoxville.

Nashville, Special.—A big crowd gathered at the Tennessee Central depot to see the first Illinois Central and Southern trains leave. This first Illinois Central train left at 8:05 o'clock. It will run regularly between Nashville and Princeton, Ky. At 9:40 o'clock the first Southern train left going on to Knoxville, instead of stopping at Hampton as heretofore. The American Express company also entered Nashville along with the Illinois Central railroad. It is expected that by December 10, through services in both directions will be inaugurated, as well as a great improvement in the local service.

Architects Win.

Columbia, S. C., Special.—A mistrial was ordered in the celebrated \$200,000 suit of the State against Architect Frank P. Milburn and Contractors Melvin, Unkefer & Company for alleged fraud and fraudulent completion of the State capital. The jury had been out since 10 o'clock Wednesday morning.

It cannot be said with certainty how the jury stood, but members of the panel say that the vote stood throughout eight for a verdict against the defendants of \$65,000, three for a verdict for the defense and one willing to compromise on a small verdict against the defendants.

Ginners' Association Says 9,623,000.

Dallas, Special.—The report of the National Ginners' Association on this year's cotton crop was made public here. The report gives 9,623,000 bales as the season's yield.

President J. A. Taylor issued a statement saying that the crop report has been practically completed and he has allowed two per cent. for an under estimate.

Rumored Depew Has Resigned.

New York, Special.—A rumor has gained circulation that Chauncey M. Depew had resigned from the United States Senate. When questioned concerning the rumor, the Senator said, "I am tired of making denials of unpleasant questions, and am resolved not to talk further to newspapers. I will deny nothing nor will I affirm anything. I have learned a lesson from the past."

A WOMAN HANGED

The First Female Legally Executed in Years

LEGAL EFFORT FOR MRS. ROGERS

Mary Rogers Left Her Husband Over Two Years Ago—Afterwards Afflicting Reconciliation at a Meeting Place Agreed Upon.

Windsor, Vt., Special.—Mrs. Mary Rogers, the woman who murdered her husband some two years ago and for whom so much has been done to have the sentence of death changed to life imprisonment, was hanged Friday afternoon at 1:40 o'clock, at Windsor, Vermont. This end one of the most celebrated cases in the criminal history of this country.

Mrs. Rogers went to her death without any show of emotion. She made no statement or confession. A short religious ceremony was held with Father Delaney, just before the march to the gallows. Before the signal was given to spring the trap she nodded her head that she was ready.

Every ingenious device, known to law, was used to save Mary Rogers from the gibbet, and it was not until the case was disposed of by the Supreme Court of the United States late last month that all hope was given up of saving the woman's life. Had there been one mitigating circumstance, had there been one spark of womanhood in Mary Rogers, had she shown slight possibilities of regeneration, Governor C. J. Bell, of Vermont, might have interferred. The murder was as brutal as that of Mrs. Martha Place, who hacked her stepdaughter to pieces because of jealousy, in Brooklyn. Gov. Roosevelt declined to interfere and save her from electrocution in March, 1899.

Ginners' Association Report.

Dallas, Special.—The following is the cotton report of the National Ginners' Association.

Reports sent us from the whole cotton belt, every postoffice represented, indicates a total crop of 9,623,000 bales, with \$486,000 bales ginned up to December 1. The crop thus far picked is 92.4 per cent., and 88 per cent. has been ginned.

The reports by States is as follows: Alabama, 1,061,000 ginned; 95 per cent. picked.

Arkansas, 420,000 ginned; 89 per cent. picked.

Georgia, 1,594,000 ginned; 97 per cent. picked.

Indian Territory, 242,000 ginned; 90 per cent. picked.

Louisiana, 344,000 ginned; 90 per cent. picked.

Mississippi, 820,000 ginned; 87 per cent. picked.

Missouri, 31,000 ginned; 90 per cent. picked.

North Carolina, 561,000 ginned; 96 per cent. picked.

Oklahoma, 234,000 ginned; 87 1-2 per cent. picked.

South Carolina, 975,000 ginned; 98 per cent. picked.

Tennessee, 198,000 ginned; 89 per cent. picked.

Texas, 1,978,000 ginned; 92 per cent. picked.

(Signed) N. T. BLACKWELL, Secretary.

J. A. TAYLOR, President.

Died of Lockjaw.

Wilmington, Special.—An eighty-year-old son of Capt. and Mrs. W. A. Sanders died as the result of lockjaw, following a wound from a toy pistol received Wednesday a week ago. It is probable that the board of aldermen in view of other accidents recently from the same cause, will pass an ordinance forbidding the sale of toy pistols of the kind that carry the deadly blank cartridge.

Pat Crowe Acquitted.

Omaha, Neb., Special.—Pat Crowe, who has been on trial on a charge of shooting, with intent to kill Officer Albert Jackson, on September 6, was acquitted. Crowe was remanded to jail to await trial on the charge of highway robbery, in connection with the kidnapping five years ago of Eddie Cudaby, son of E. A. Cudaby, a millionaire.

By Wire and Cable.

At Greensboro, N. C. Dr. Joseph B. Matthews was held for action of the Criminal Court without bail on the charge of having caused the death of his wife by administering poison to her.

Vice-President Eldridge of the Mutual Reserve Insurance Company told of what he termed "hold-ups" by various persons before the Armstrong committee.

To Reduce Naval Force.

Washington, Special.—Reduction of the American naval forces in Dominican waters form a squadron of protected cruisers to a "mosquito fleet" of gunboats, has been determined upon by the President. Rear Admiral Royal B. Bradford, commanding the squadron will be relieved in Dominican waters by a squadron consisting of the cruiser Dixie, flagship, and the gunboats Yankee, Dubouque, Paducah, Nashville and Scorpion. The Dixie will carry a guard of several hundred marines.

APPOINTMENTS READ OUT

North Carolina Methodist Conference Adjourns—Several Changes in Presiding Elderships.

Wilson, Special.—The annual session of the North Carolina Conference of the M. E. Church, South, which has been in session here for several days, adjourned Monday noon. The devotional exercises of the morning were conducted by Rev. A. C. Bundy. A number of committees, which failed to report Saturday, submitted their reports. Bishop Wilson made a brief talk before reading the appointments.

RALEIGH DISTRICT—W. H. MOORE, Presiding Elder. Edenton Street: R. F. Bumpas. J. O. Guthrie, Superintendent. Central: C. W. Robinson. E. Pope, Supernumerary.

Columbia: A. W. Price. Director of Correspondence School of Vanderbilt University: J. L. Cunningham. Chowan: Wm. Tove. Missionary to Cuba: R. E. Porter. E. S. Hursey transferred to West Texas Conference. A. R. Surratt transferred to Western North Carolina Conference.

Found in N. C. Papers. Richmond, Va., Special.—The State library here is in receipt from London of a complete record of the Virginia House of Burgesses for 1776 which was published in the trade papers of North Carolina instead of those of Virginia, and thus remained undiscovered for many years. It completes the records of the House of Burgesses and contains the proceedings of a heretofore unknown session of the Burgesses. The record is one of the utmost historical value.

Law Against Betting. Nashville, Special.—On the first day of this month the law enacted by the last Legislature, prohibiting betting on horse races run on tracks in this State, went into effect. Tuesday a race was run on the Fair Grounds track at Shelbyville, Tenn., on which books were made. The race was intended to test the law. The parties arranging the race were arrested by the sheriff of the county and will be given a hearing at once in Shelbyville.

One-sixth of the members of Camp Nome, Arctic Brotherhood, are college graduates.

MINOR ITEMS OF NEWS

Items of Foreign and Domestic News Gathered For Busy Readers.

In the South. Miss Susan Williamson died at Warrenton at the age of 104 years. The Franklin School building, at Parkersburg, W. Va., was burned, and citizens believe it was set afire.

North Carolina is preparing to send a car load of agricultural exhibits to New England and other Northern States. William Gallagher, who claims he was held a prisoner on a Chesapeake bay oyster boat, reached Richmond in care of a United States deputy marshal.

Colored Altamont Moses, an leading politician and prominent legislator of South Carolina, died at his home on Friday.

A conference has been called between the American Cotton Manufacturers' Association and the Southern Cotton Growers' Association to be held at Charlotte, N. C.

Fire destroyed a large portion of the business section of Wayne, W. Va.

Capt. William J. Tyler, yardmaster of the Chesapeake and Ohio Railroad at Staunton, was struck by the yard engine, his left arm being crushed off near the shoulder.

National Affairs. Senator Depew sent in his resignation as director of the Equitable Life Assurance Society, and the investigation before the Armstrong committee went on.

Secretary Root and Senator Lodge presented plans for the complete reorganization of the diplomatic and consular service.

The Senate 820 bills were introduced, including a large number of important measures.

At the North. There are rumors of possible criminal action following the completion of the insurance inquiry in New York.

An unfounded rumor that the First National Bank of York, Pa., had failed started a run on the institution.

Gov. Robert E. Le Follette was elected United States Senator by the Legislature of Wisconsin.

Mrs. Ira Barry, who defied the authorities of Girard, Kan., to remove her from a railway car, which she defended with a pistol for five days, was captured by strategy.

Foreign Affairs. While it is generally admitted that Premier Witte is rapidly losing his influence, it is believed that he may yet extricate the Government by a grand coup.

In the German Reichstag the Secretary of the Admiralty stated that more and larger cruisers are needed to protect that country's growing foreign trade.

All of Col. William F. Cody's horses were killed at Marseilles, France, to allay a fear among farmers of the spread of glanders.

Field Marshal Oyama was accorded an ovation upon his return to Tokio.

It is stated that in order to avoid anarchy, martial law must be declared in Russia.

Sir Henry Campbell-Bannerman, the Liberal leader, accepted the task of forming a new British cabinet.

Turkey has agreed to yield in principle to the demands of the powers for financial reforms in Macedonia.

The Irish Nationalist Convention assembled in Dublin and resolutions demanding an Irish legislative assembly were unanimously adopted.

According to reports of special commissioners sent by a relief committee, Jewish massacres occurred in 171 towns, not to mention many small places.

Miscellaneous. Lord Roberts is expected to command the delegation from the British army which will attend the Jamestown Exposition.

Charles A. Peabody will be elected president of the Mutual Life Insurance Company.

A strike of the students of the Pennsylvania State College was ended by a compromise.

Not less than four mysterious assaults or deaths were called to the attention of the New York police Thursday.

Eleven men lost their lives when the steamer Lunenburg struck on the rocks in Amherst harbor, near Cape Breton.

Two workmen were killed and many injured by the collapse of the Claring Cross (London) station roof.

Albert T. Patrick, convicted of the murder of William Martin Rice, was sentenced to be electrocuted in the week of January 22.

NOT REDUCE ACRES

Harvie Jordan Issues Letter to Cotton Growers

NORMAL PRODUCTION AND PRICE

President Harvie Jordan Issues Circular to Planters Stating That a Reduction From the Present Estimated 27,000,000 Acres Will Not Be Asked, But That the Association Urgently Insists on No Increase.

Atlanta, Ga., Special.—President Harvie Jordan, of the Southern Cotton Association, issued the following letter to the farmers of the South regarding a reduction in cotton acreage for 1906. The letter says in part:

"The Southern Cotton Association will not ask the farmers of the South to reduce the cotton acreage for 1906 less than that planted in 1905. The association does ask and insist with all the forces at its command, however, that the acreage planted in cotton throughout the belt in 1905 be not increased during the planting season of 1906. Let the watchword of every Southern farmer be 'diversification' and through that agency produce an abundance of food supplies to maintain each farm."

"The present estimated twenty-seven million acres planted in cotton is sufficient under normal conditions to produce enough cotton to meet the demand for the American staple. Any material increase in the cotton acreage for 1906 will tend to stagnate the cotton market and depress prices below their legitimate value. The legitimate law of supply and demand is the only true medium of regulating fair and legitimate prices for our great staple product."

"President Jordan closes the letter with a strong appeal to the farmers to plant an abundance of small grain, corn and side crops and urges them to raise more hay, cattle and hogs, that the farmers may become self-sustaining."

Ramey Acquitted of Murder. Manassas, Special.—A. J. Ramey, on trial here for two days charged with the murder of Lucian Beavers last August, was acquitted. Beavers, who seemed to be half crazed with drink, made an attack on the family of a neighbor, who called in Ramey's assistance. Beavers followed Ramey home, where, Ramey claimed, he killed Beavers in self-defense. The commonwealth's attorney was assisted at the trial by A. B. Nicol, of Alexandria, and J. J. Davies, of Manassas. The defense was represented by John M. Johnson, of Alexandria, Thomas P. Lion and Robert A. Hutchison, of Manassas.

Senator Mitchell Dead. Portland, Ore., Special.—United States Senator John H. Mitchell died at the Good Samaritan Hospital, in this city, at 11:40 o'clock Friday forenoon, death resulting from complications which followed the removal of four teeth at a dental office Thursday morning. A hemorrhage of unusual severity followed the removal of the teeth and, despite the application of the most powerful styptics known to dental science, the flow of blood could not be stayed.

Coal Famine in Norfolk. Norfolk, Special.—Norfolk is threatened with a soft-coal famine. There is plenty of hard coal, but there are coastwise vessels, including the big schooner Thomas W. Lawson, having a capacity of 100,000 tons, waiting cargoes at the Norfolk and Western piers, here. There is no steam coal at the city piers. In addition to these, there are six big barges, two or three three-masted schooners and several large steamers off the pier.

Stores Building Wrecked. Saluda, Special.—A furious wind has been sweeping over the mountains in this section Sunday and considerable damage will likely result. One store building here filled with general merchandise was blown down and a vacant storehouse hoveled from its foundation. The former belonged to Mr. T. C. Fonner and the stock was worth about \$2,000. The loss on goods is probably \$500, while the building, which was a large new structure, is a total wreck. The vacant house is the property of Mrs. Conner and is damaged about \$25.

Towboats Caught in Storm. Hawsville, Ky., Special.—The towboats Harry Brown and Raymond Horner with tow of coal for New Orleans were caught in a severe wind storm and the Brown lost 27 barges while the Horner lost seven. Each barge contained 25,000 bushels of coal. The coal was valued at \$120,000 and the barges at \$54,000. No lives were lost. The boats are owned by the Monongahela River Consolidated Coal and Coke Company of Pittsburgh.

Loosey Schooner Put Into Charleston. Charleston, S. C., Special.—The schooner James D. Dewell, Captain Hammond, lumber-laden from Satilla River, Ga., bound for New York put in for harbor, having sprung a leak Friday night off Frying Pan Shoals. She met the gale and high seas off Frying Pan and strained her beams. She will be repaired here and proceed on her voyage.

THE CAUCASIAN

RALEIGH, N. C. Nov. 30, 1905.

Entered at the Post Office in Raleigh, N. C., as second-class mail matter.

The town of Roanoke Rapids Monday voted for a dispensary.

A two weeks' term of Federal Court convened in Raleigh Monday.

A small party of Italian immigrants have located in Pender county, this week.

The Association of County Superintendents are holding their annual meeting in Raleigh today.

The Grand Lodge of the colored Masonic order of this State are holding their 36th annual convention in Fayetteville this week.

Deputy Collectors M. L. Wood, of Kelford, and W. A. McDonald, of Rockingham, are in Raleigh this week attending Federal Court.

The dry goods and clothing store of Mr. J. L. Mayo, of Wilson, caught fire Monday morning, and were damaged to the extent of \$6,500.

Two children of Ashley Williams, colored, of Gray's Creek township, Cumberland county, were burned to death in their home Monday morning.

Mr. Richard L. Winston, of Frankfort, died in Rex Hospital, this day, Monday morning, where he was brought Sunday for an operation.

The next Baptist State Convention will meet in Greensboro. The day members of the Association will hold their meeting in Durham in April.

There was a freight wreck on the Savannah Air Line Railway Sunday morning near Lakeview. Fourteen cars were derailed and some badly mutilated.

Mr. George W. Partin, janitor in the State Treasurer's office, died Monday morning, aged 62 years. He was a Confederate soldier and lost an arm in the battle of Gettysburg.

It is stated that another petition will be circulated in Raleigh to call an election for the purpose of voting out the dispensary and for the establishment of saloons under high license.

Hon. H. F. Seawell, of Carthage, is in Raleigh this week in attendance at the Federal Court. Mr. Seawell is a good lawyer and unless his client is very guilty he usually carries the day.

Mr. W. O. Carver, an attorney of Roxboro, is in Raleigh, to appear for clients in the Federal court. Mr. Carver was formerly chairman of the Republican Executive Committee of Person county.

Giles Melbane and M. H. Tate, two well known brokers in Greensboro, pleaded guilty in court for retailing liquor without license, and were fined \$50 each. They were only technically guilty.

The postoffice at Bay, near Elizabeth City, was robbed Saturday night. A considerable amount of money and stamps were taken. This is the second robbery in this office within the past two months.

Mr. W. G. Randall died at Blowing Rock Monday and will be buried in Washington today. He had been suffering from tuberculosis for some time. Mr. Randall was a well-known artist in this State, and will be missed by a host of friends.

Gov. Glenn gave out a statement Monday stating Ed Utley, of Fayetteville, and James Wilcox, of Elizabeth City, serving terms in the penitentiary respectively for killing Hollingsworth, clerk in the Hotel Lafayette, and Miss Nell Cropper, were found recently to have receivers in their possession and that the two had plotted to make their escape.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive and so fatal. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure, apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney poisons enter the blood and attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a disintegration of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and eases pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address: Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

A DEFUNCT INSURANCE COMPANY

Liabilities Were \$87,000, and in the Treasury Was \$2,575.
Louisville, Ky., Dec. 11.—With liabilities amounting to \$87,000 and with only \$2,575 in the treasury, L. D. Martin and the board of directors of the Peoples Life and Accident Insurance Company, with headquarters in this city, late this afternoon filed a deed of assignment and asked for the appointment of a receiver.

DROPPED DEAD IN FEDERAL COURT.

Mr. Luther B. Bynum, of Chatham, Expires Suddenly of Heart Failure.
Mr. Luther P. Bynum, of Chatham County, died suddenly Wednesday morning while occupying a seat in the Federal court room in this city. Mr. Bynum, accompanied by his little son, was a witness in Federal court and had been in the court room only a short while when the death summons came. The deceased was a very prominent man of Chatham and owned considerable property around Bynum postoffice.

Stanell and Downing Case Removed to Federal Court.

In the Federal Court Tuesday an order was signed by Judge Purnell for the removal of the case against Revenue officers Downing and Stanell, indicted in Duplin county for murder, to the Federal Court.
Downing and Stanell made a raid upon an illicit distillery near Mt. Olive, on the land of Watson Jennings. It is stated that while they were cutting up the still that Jennings slipped up near the still and drew his gun on the officers and that one of the officers shot Jennings in self-defense.

Directors of the Insane Asylum Meet.

Tuesday the directors of the Asylum at Raleigh met with the Governor to again go over the situation of the insane. The Governor directed them to find out those who were able to pay and report to him. He says such persons must either pay or leave the asylum. The Governor went to Morganton on a similar mission.

HEIRS SUE GOVERNMENT FOR WAR LOSS.

Hugh McDonald, Who Killed Himself in Statesville, Claimed His Cotton Was Confiscated Forty Years Ago.
Statesville, N. C., Dec. 12.—Hugh McDonald, who committed suicide in Statesville a few weeks ago, had a suit pending against the government for cotton destroyed during the war. Mr. McDonald being a British subject, the claim is being pushed by McDonald's heirs.
The amount involved is said to be \$2,500,000 for cotton confiscated by the United States government forty years ago, during the Civil War. McDonald was for years supposed to be dead, but reappeared in Statesville not long ago.

Plant of American Snuff Company at Elkton, Ky., Dynamited.

Louisville, Ky., Dec. 12.—A special from Elkton, Ky., says: The tobacco factory here, owned by Mrs. M. B. Penick and operated by the American Snuff Company, was blown up by dynamite early today. There was no loss of life, but the damage to the factory is complete.
Several houses in the vicinity were damaged as was the depot.

If the Baby is Cutting Teeth

Be sure and use that old and well-titled remedy, Mrs. Winslow's SOOTHING SYRUP, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Twenty-five cents a bottle.

A Reminder to Our Subscribers Who are in arrears.

This week we are mailing out statements to our subscribers who are in arrears on their subscription. We are not sending out the statements because we are afraid our subscribers will not pay us, but are sending them out as a matter of business. It is often that a subscriber forgets when his subscription is due and a reminder is all that is necessary. We are very anxious that all our subscribers who are due on subscription will send us the amount due, together with renewal for another year, before the 1st of January, 1906, as we do not want to carry any old accounts over into the new year. If our statement of your account is wrong write us and we will gladly make proper correction.

IN MAD CHASE.

Millions rush in mad chase after health, from one extreme of faddism to another, when, if they would only eat good food, and keep their bowels regular with Dr. King's New Life Pills, their troubles would only pass away. Prompt relief and quick cure for liver and stomach trouble. 25c. at all druggists; guaranteed.

FOR SALE

One two Revolution Campbell press for sale at a bargain. Will print 4 page 8 column paper. Address Caucasian Pub. Co., Raleigh, N. C.

An Editor's Vails.
Lives of all great men remind us, Honest toil don't stand a chance, More we work we grow behind us Bigger pants on our pants.
Our britches once so glossy, Patches are of many a hue; All because subscribers linger, And don't pay up what is due.
Then let all be up and doing, Send your mite in, however small, Or when snowy winter hits us, We will have no pants at all—Ex.

The January Smart Set.

In her novelette, "The Outsider," which opens the January number of The Smart Set, Beatrice Demarest Lloyd has written an exquisite romance of Italy, a story of rare literary charm and distinction. So delightful is the atmosphere of this tale, and so delicate is the art revealed, that it should take rank with Harland's "The Cardinal's Snuff-Box." This is high praise indeed, but a reading of the story will justify it. The new year opens auspiciously for The Smart Set.
Short fiction in great abundance is to be found in the same issue. A delightfully humorous story, "In Vino Veritas," by Gertrude Lynch should attract much attention. It tells of a young man who imbibes too freely before attending a smart reception. There he proposes to a girl and straightway forgets all about it. The ethics of such a situation are cleverly dealt with by Miss Lynch. "The Adequate Egerton," by Roland Franklin Andrews, is another charming story, with a touch of Wall street and a happy ending.

New England Mutual Life Insurance Company.

Chartered 1835. Boston, Mass. Assets About \$40,000,000

In reply to a request for Campaign Contributions the Vice-President of the Company replied as follows:

I cannot advise any subscription by the Company to the campaign fund for any purpose. The money held by the Insurance Company in trust for its policy holders cannot be used for political, educational or religious purposes, and any vote by the directors authorizing a subscription would be beyond their authority, and for any money paid under such vote, the directors would be personally liable, and at the suit of any policy-holder the Court would require them to reimburse the Company.

Boston, Oct. 5, 1896.

This is not only good sense, and therefore good law and equity, but it is plain, everyday common honesty—a quality which seems conspicuously to have been lacking in the management of the other Companies.

Agents wanted in every County in the State to sell New England Annual Dividend Contracts.

Why I am a Policy-Holder in the National Life Insurance Company

Montpelier, Vermont.

CAUSE:
1. It is OLD, STRONG, LIBERAL, UP-TO-DATE and PROGRESSIVE.
2. It is PURELY MUTUAL—ALL of its profits are POLICY-HOLDERS.
3. It is just, for it invests its assets where it expects to do business because
It has nearly \$200,000 invested in North Carolina securities.
"Why do I work for the National Life?"
It is a GOOD COMPANY for agents; it is liberal with its agents. Its contracts are the simplest, its applications the shortest and its policies the most liberal, easiest to explain and easiest to sell.
Do you want one of these policies or do you want to sell a policy that is worth ONE HUNDRED CENTS ON THE DOLLAR? Call on or address,

Farming For PROFIT

There is nothing too good for the Farmer; there is nothing too good for the Farm. Good bates, good houses, good wells, good fences, good stock, all on good land, under good management assure good profits. The good applies throughout. It must apply throughout, or it will not apply to profits.

Nowhere is discrimination more necessary than in the selection of fences. The farm must be fenced. Hence, select the best fence, the ELLWOOD FENCE.

The Ellwood is built like a bridge—braced, supported, tied; no stronger or more substantial structure possible. Ellwood fences will hold your hogs, cattle, horses, and poultry. Ellwood Fence has always been popular. It answers all purposes and never disappoints.

We have Ellwood Fences for sale, and at prices that will suit you. Come and see us—we have a bargain for you.

Robin Kills an Adder.
In a vigorous battle between a robin and an adder 14 inches long, the bird killed the snake. The fight took place in the garden of George S. Jones, in Leominster, Mass., and was seen by John A. Hannis and others. The robin had a nest of little ones in an apple tree near the garden. When the snake wriggled across the field toward the tree the bird swooped down and attacked it vigorously with claws and bill, aiming its attacks at the head of the snake, which kept and hissed, but was soon put out of the battle. Not, however, on the first round, as it gradually came to after the robin had left it and began to move. The bird discovered the motion and new again at the snake, not leaving it until it was dead.—Boston Globe.

Widely Scattered Remains.
Gambetta's remains are almost as much scattered as if he were the victim of a dynamite explosion. His brain is in the museum of the anthropological society at Paris, his heart is deposited under the monument at Ville d'Avray, where he died, while the rest of his body is buried at Nice.

BOX OF WAFERS FREE—NO DRUGS—CURES BY ABSORPTION.
Cures Belching of Gas—Bad Breath and Bad Stomach—Short Breath—Bloating—Stomach Troubles—Indigestion—Acid Stomach—Etc.

Take a Mull's Wafer any time of the day or night, and note the immediate good effect on your stomach. It absorbs the gas, disintegrates the stomach, kills the poison germs and cures the disease. Catarrh of the head and throat, unwholesome food and overeating make bad stomachs. Scarcely any stomach is entirely free from gas. Mull's Anti-Belch Wafer will make your stomach healthy by absorbing foul gases which arise from the undigested food and by reinforcing the lining of the stomach, enabling it to thoroughly mix the food with the gastric juices. This cures stomach trouble, promotes digestion, sweetens the breath, stops belching and fermentation. Heart action becomes strong and regular through this process.

Discard drugs, as you know from experience they do not cure stomach trouble. Try a common-sense (Nature's) method that does cure, by absorbing, healing and neutralizing. You will find Mull's Anti-Belch Wafer in every drug store. It is a box, but to introduce it to thousands of sufferers we will send two (2) boxes upon receipt of 75c, and this advertisement, or we will send you a free sample for this coupon.

12165 FREE COUPON. 129
Send this coupon with your name and address and name of a druggist who does not sell it for a free sample box of Mull's Anti-Belch Wafer to:
MULL'S GRAPE TONIC CO., 328 Third Ave., New York City.

Thompson's Eye Water
If afflicted with eye trouble, use this.

AILING WOMEN.
Keep the Kidneys Well and the Kidneys Will Keep You Well.
Sick, suffering, languid women are learning the true cause of bad backs and how to cure them. Mrs. W. G. Davis, of Groesbeck, Texas, says: "Back-aches hurt me so I could hardly stand. Spells of dizziness and sick headache were frequent and the action of the kidneys was irregular. Soon after I began taking Doan's Kidney Pills I passed several gravel stones. I got well and the trouble has not returned. My back is good and strong and my general health better."
Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

Josh Billings must have foreseen the noble roster of subscribers in "Fads and Fancies" when he wrote: "An American aristocrat is the most ridiculous thing in the market. They are generally ashamed of their ancestors, and if they have any and live long enough they generally have children to be ashamed of their posterity."

MILK CRUST ON BABY
Lost All His Hair—Scratched Till Blood Ran—Grateful Mother Tells of His Cure by Cuticura For 75c.

"When our baby boy was three months old he had the milk crust very badly on his head, so that all the hair came out, and it itched so bad he would scratch until the blood ran. I got a cake of Cuticura Soap and a box of Cuticura Ointment. I applied the Cuticura and put a thin cap on his head, and before I had used half of the box it was entirely cured, his hair commenced to grow out nicely again, and he has had no return of the trouble. (Signed) Mrs. H. P. Holmes, Ashland, Ore."

Peacock feathers are said to bring ill luck.

Cures Blood, Skin Troubles, Cancer, Blood Poison, Great Blood Purifier Free.
If your blood is impure, thin, diseased, hot or full of humors, if you have blood poison, cancer, carbuncles, eating sores, scrofula, eczema, itching, rashes and itches, skin eruptions, or any blood or skin disease, take Botanic Blood Balm (B. B. B.) according to directions. Soon all sores heal, scales and spots stop, the blood is made pure and rich, leaving the skin free from every eruption, and giving the rich glow of perfect health to the skin. At the same time, B. B. B. improves the digestion, cures dyspepsia, strengthens weak kidneys. Just the medicine for old people, as it gives them new vigor and health. Druggists, 25c. per large bottle, with directions for home cure. Sample free and prepaid by writing to Botanic Blood Balm Co., Atlanta, Ga. Describe trouble and special free medical advice also sent in sealed letter. B. B. B. is especially advised for chronic, deep-seated cases of impure blood and skin disease, and cures after all else fails.

Barnum is stirred by the question of official dress.

Taylor's Cherokee Remedy of Sweet Gum and Mullen is Nature's great remedy—Cures Coughs, Colds, Croup and Consumption, and all throat and lung troubles. At druggists, 25c., 50c., and \$1.00 per bottle.

She Was.
A Boston woman, after selecting some embroidery in one of the big department stores, discovered that she had not money enough with her to pay for it. She had never opened an account in this particular shop, and it was therefore agreed that the clerk should put the goods aside until the next day, when the purchaser should come for it with cash in hand.

When the woman returned the day following to get her embroidery she could not remember which of the saleswomen had waited upon her. After puzzling over the matter for a moment, however, she approached one who looked vaguely familiar and asked, "Am I the woman who bought some embroidery here yesterday?"

"Yes'm," replied the girl, stolidly, and turned to get it.—Youth's Companion.

A Wilderness Library.
One of the largest libraries in Russia belongs to General W. Ulin. It consists of over 100,000 volumes, and is the oldest thing about it is that it is situated in a large city, but in the neighborhood of one of the most inaccessible Siberian towns, Karskarsk.

SURFETTED.
"No, I never go to vaudeville shows," said the collector, refusing the invitation.

"Why not?" asked his friend.

"Because I've had enough of it. In my business most everybody gives me a 'song and dance' of one kind or another!"—Detroit Free Press.

A BRAIN WORKER
Must Have the Kind of Food That Nourishes Brain.

"I am a literary man whose nervous energy is a great part of my stock in trade, and ordinarily I have little patience with breakfast foods and the extravagant claims made of them. But I cannot withhold my acknowledgment of the debt that I owe to Grape-Nuts food."

"I discovered long ago that the very bulkiness of the ordinary diet was not calculated to give one a clear head, the power of sustained, accurate thinking. I always felt heavy and sluggish in mind as well as body after eating the ordinary meal, which diverted the blood from the brain to the digestive apparatus."

"I tried foods easy of digestion, but found them usually deficient in nutriment. I experimented with many breakfast foods and they, too, proved unsatisfactory, till I reached Grape-Nuts. And then the problem was solved."

"Grape-Nuts agreed with me perfectly from the beginning, satisfying my hunger and supplying the nutriment that so many other prepared foods lack."

"I had not been using it very long before I found that I was turning out an unusual quantity and quality of work. Continued use has demonstrated to my entire satisfaction that Grape-Nuts food contains all the elements needed by the brain and nervous system of the hard worker—public writer."

Name given by Postum Co., Battle Creek, Mich.

There's a reason. Read the little book, "The Road to Wellville," in pags.

Wants to Show North.

Raleigh, Special.—The special feature of interest at the meeting of the State Board of Agriculture was an address before it by Governor Glenn. The Governor earnestly urged that a small appropriation be made to carry out an exhibit from North Carolina, one that would illustrate its resources, industries and opportunities, to the Northern and New England States for two months in the fall of 1906, the purpose of this being to induce people in that section who are seeking homes to come to North Carolina to locate. He presented a plan for the work and action will be taken by the Board. Governor Glenn also urged that efforts be made to attract desirable immigrants to the State, men who would purchase farms and go to work in the building of North Carolina.

Suit for Damages.

Asheville, Special.—Mrs. Catherine A. Cole, of this county, has instituted suit against Thomas Redmond, of Flat Creek township, for \$20,000 damages for alleged slander and for the alienation of the affections of the plaintiff's husband by reason of this slander. The complaint in the case has been filed and is a sensational document. In substance it alleges that the defendant, knowing the plaintiff to be an honest, honorable and upright woman, circulated and caused to be circulated slanderous reports, maliciously damaging the plaintiff's reputation and assaulting her character. It is alleged that the defendant's purpose in this was to separate the plaintiff from her husband and that as a result of the reports he has abandoned her. Therefore by reason of the anguish caused and the injury inflicted, \$20,000 damages are required.

Meet in Charlotte on Ninth.

Charlotte, Special.—At the instance of President R. M. Miller, Jr., Secretary C. E. Bryant, of the American Cotton Manufacturers Association, called a meeting of the board of governors to be held in Charlotte on the ninth instant, when the proposition submitted by J. A. Brown, of Chadburn, representing the Southern Cotton Association, will be considered. It is stated that the proposition submitted by Mr. Brown, which was a plan to get together to regulate the price of cotton was seemingly feasible, and President Miller agreed to call together the board of governors of the association so that the plan might be submitted to them as well. Mr. Brown will be invited to be present.

Four Torpedo Boats.

Morehead City, Special.—Four United States torpedo boats, the Porter, Dupon, Blakely and Roger, are in this port en route to Charleston. One will coal here and all will leave at 4 o'clock. There are in the harbor one house boat, Roxana, from New York to Florida, and yacht Inia from New York to Cuba.

Body of Drowned Boy Found.

New Bern, Special.—The body of William H. Rogers, Jr., a boy of 16, who was drowned on November 18th, was found one quarter of a mile from where he fell overboard from the tug Edmund Perkins, on which he was an employee. The coroner, Dr. D. V. Jones, was notified of the finding. The force at Sullivan's mills discovered the body and made the report. Mr. W. B. Blades, the employer of the young man notified the doctor to turn over the body to the undertaker for burial, and the company would bear the expense.

Governor Glenn has approved and confirmed the action of the board of officers appointed under special order, in selecting a permanent camp site for the National Guards on Bogue Sound, near Morehead.

The condition of Rev. James A. Weston, of Hickory, who has been stricken with paralysis, remains unchanged. He still lingers but there is scarcely a hope for his recovery.

On Thursday Dr. Potest was installed president of Wake Forest College. The ceremonies were imposing and were attended by the Baptist State Convention in a body. The members of the State Convention went up from Raleigh, and a great number of prominent people from all over the State were present.

The Corporation Commission orders that the standard freight tariff shall apply hereafter to the Atlantic & Yadkin division of the Southern Railway between Sanford and Mt. Airy, this reducing the general freight rate about ten per cent.

Farm Topics

CARROTS FOR INDIGESTION.

No one will make a mistake in raising a liberal crop of carrots, no matter what his farm stock may be. They are fed to great advantage to cows and horses, to sheep, swine and poultry. For the larger animals, and especially for the horse, there is no better digestive. It is safe to say that horses fed a small ration of carrots twice or three times weekly will rarely suffer from indigestion, provided, of course, their ration of grain and roughage is half way decent.—Indianapolis News.

GRAIN FOR HOGS ON PASTURE.

At the Union station some interesting and valuable work has been done on the amount of grain to be fed to hogs on pasture. The following figures give the results:

Ration of grain.	Gain for 100 pounds of daily gain.	Average pounds of grain.
Full feed.....	374	1.21
Three-quarters full feed.....	354	1.01
One-half full feed.....	302	.75
One-quarter full feed.....	247	.50

These figures show that three-fourths of a full feed produces a profitable gain for fattening hogs at less than if a full feed were given, and that a good growth can be made with much greater economy still on one-fourth of a full feed of grain.—Weekly Witness.

HOME-MADE SUBSOILER.

A very serviceable and practical subsoiler may be constructed with but little work. The beam and handles are the same as any other plow stock. The two uprights which support the plow point can be made from pieces of old wagon tire, each two feet long. The point bar should be about the same length and about two inches square from one upright attachment to the other. The front end should be made with good steel, well tempered and drawn to a point which is best if made wide and flat. The uprights are attached to the beam by stirrups or clamps made of three-quarter-inch iron rod. The front upright should be sharpened on its front side, which will assist in cutting the old roots and thick clay.

This plow will break the bottom of a

HOME-MADE SUBSOILER.

furrow made by any two-horse breaking plow. If made for one horse, it should be constructed lighter, and need have but a single upright. It is especially adapted to loosening up soil which has become very solid from long tramping.—Farm and Home.

FEEDING HINTS.

It is dangerous for one to lay down hard and fast rules for the feeding of stock of any kind, and when one poultryman says that two-thirds of the ration of grain for laying hens may safely be of corn, he may be giving the results of his own experience, and yet this rule would not be a safe one for all poultrymen to follow. Experience has shown that individual flocks, as well as breeds, must be handled differently. For example, in our flock of about 100 laying Plymouth Rocks there are a dozen hens who are not nearly so fond of corn as the others, but consider wheat an especially desirable dish. We make it a business to carry a small measure of wheat to the house on the day we feed corn, and after these odd birds have eaten all the corn they want we give them a handful of wheat.

The egg return proves that this is profitable. We have another flock of Buff Wyandottes that if fed a two-thirds ration of corn got so fat they stop laying. This we have proven by repeated experiments, so we feel justified in saying that while the two-thirds corn ration may do for some hens it will not do for all, hence should not be advised for general feeding without qualifications. It is considerable of a nuisance to feed poultry and cater to their whims, but it almost invariably pays to do it if one has flocks of considerable size.—Indianapolis News.

GOOD CATTLE SELL WELL.

Every week there are bunches and car loads of cattle at the stock yards which sell above \$8 per hundred. Inquiry into their breeding and feeding invariably reveal the fact that they are good grades from pure bred sires, and that the feeding has been carefully conducted to develop them rapidly. An instance at point is that of the work in this line of an excellent farmer near Heyworth, Ill. Mr. J. O. Davis. He is one of the best cattle feeders in the country. A few days ago he sold six car loads at the yards which he fed to a finish on his own farm. His prime Polled Angus steers, eighteen in number, averaged 1368 pounds, and sold at \$5.50 per hundred. Another lot of high grades brought \$6.30, and still another lot of grades sold at \$6.25. Attention is called to these cattle to show what painstaking both in breeding and feeding will do. On the same day these cattle were sold there were heavier fat steers sold at \$5.90. The difference in quality was that the latter were not so well bred, nor fed and lacked the thick meat which sells the highest. Skilled cattle buyers detect these things quickly when cattle are on the market.—Indiana Farmer.

Newspapers the Watch Dogs.

The present state of affairs recalls to the New York Sun a speech in the House of Representatives several years ago wherein the speaker declared: "If it weren't for the newspapers of this country certain politicians would run off with the national capital."

Advertising Fills Churches.
Even the churches are using newspaper space. It may be against the "ethics of the profession," but Newspapermen say it does fill the churches. Better disregard the ethics than to have empty pews.

HIGH CLASS DRUGGISTS AND — OTHERS.

The better class of druggists, everywhere, are men of scientific attainments and high integrity, who devote their lives to the welfare of their fellow men in supplying the best of remedies and purest medicinal agents of known value, in accordance with physicians' prescriptions and scientific formula. Druggists of the better class manufacture many excellent remedies, but always under original or official names and they never sell false brands, or imitation medicines. They are the men to deal with when in need of anything in their line, which usually includes all standard remedies and corresponding adjuncts of a first-class pharmacy and the finest and best of toilet articles and preparations and many useful accessories and remedial appliances. The earning of a fair living, with the satisfaction which arises from a knowledge of the benefits conferred upon their patrons and assistance to the medical profession, is usually their greatest reward for long years of study and many hours of daily toil. They all know that Syrup of Figs is an excellent laxative remedy and that it gives universal satisfaction, and therefore they are selling many millions of bottles annually to the well informed purchasers of the choicest remedies, and they always take pleasure in handing out the genuine article bearing the full name of the Company—California Fig Syrup Co.—printed on the front of every package. They know that in cases of colds and headaches attended by biliousness and constipation, or of weakness or torpidity of the liver and bowels, arising from irregular habits, indigestion, or over-eating, that there is no other remedy so pleasant, prompt and beneficial in its effects as Syrup of Figs, and they are glad to sell it because it gives universal satisfaction.

Owing to the excellence of Syrup of Figs, the universal satisfaction which it gives and the immense demand for it, imitations have been made, tried and condemned, but there are individual druggists to be found, here and there, who do not maintain the dignity and principles of the profession and whose greed gets the better of their judgment, and who do not hesitate to recommend and try to sell the imitations in order to make a larger profit. Such preparations sometimes have the name—"Syrup of Figs"—or "Fig Syrup"—and of some practical concern, or fictitious fig syrup company, printed on the package, but they never have the full name of the Company—California Fig Syrup Co.—printed on the front of the package. The imitations should be rejected because they are injurious to the system. In order to sell the imitations they find it necessary to resort to misrepresentation or deception, and whenever a dealer passes off on a customer a preparation under the name of "Syrup of Figs" or "Fig Syrup," which does not bear the full name of the California Fig Syrup Co. printed on the front of the package, he is attempting to deceive and mislead the patron who has been so unfortunate as to enter his establishment, whether it be large or small, for if the dealer resorts to misrepresentation and deception in one case he will do so with other medicinal agents, and the filling of physicians' prescriptions, and should be avoided by every one who values his health and happiness. Knowing that the great majority of druggists are reliable, we supply the immense demand for our excellent remedy entirely through the druggists, of whom it may be purchased everywhere, in original packages only, at the regular price of fifty cents per bottle, but as exceptions exist it is necessary to inform the public of the facts, in order that all may decline or return any imitation which may be sold to them. If it does not bear the full name of the Company—California Fig Syrup Co.—printed on the front of every package, do not hesitate to return the article and to demand the return of your money, and in future go to one of the better class of druggists who will sell you what you wish and the best of everything in his line at reasonable prices.

Useful Ideas of Two Women.

The idea of the reaper was suggested by a Virginia lady who, in an emergency, tied together two pairs of shears and instructed a negro man how to clip a grass plot. That humble instrument of comfort, so extensively manufactured in America, the safety pin, was the suggestion of her majesty Queen Victoria.

He Was Detained.

"I'd have been out ten days sooner," said the man, who had just been liberated from prison, "if it hadn't been for the chaplain."

"And what did he have to do with it?" was asked.

"It was him that had me detained up there. He comes to my cell one afternoon to see how I was getting on, and after a little he asks:

"And what crime did you commit, my man, that they sent you here?"

"It was highway robbery, your reverence," says I, and now give me your confidence and tell me what you are in for."—Cleveland Plaindealer.

PAINFUL PERIODS

Suggestions How to Find Relief from Such Suffering.

Miss Nellie Holmes **Mrs. Tillie Hart**

While no woman is entirely free from menstrual suffering, it does not seem to be the plan of nature that women should suffer so severely. Menstruation is a severe strain on a woman's vitality. If it is painful or irregular something is wrong which should be set right or it will lead to a serious derangement of the whole female organism.

More than fifty thousand women have testified in grateful letters to Mrs. Pinkham that Lydia E. Pinkham's Vegetable Compound overcomes painful and irregular menstruation.

It provides a safe and sure way of escape from distressing and dangerous weaknesses and diseases.

The following letters tell so convincingly what Lydia E. Pinkham's Vegetable Compound will do for women, they cannot fail to bring hope to thousands of sufferers.

Miss Nellie Holmes of 540 N. Davidson Street, Buffalo, N. Y., writes:

Dear Mrs. Pinkham—
"Your medicine is indeed an ideal medicine for women. I suffered misery for years with painful periods, headache and bearing-down pains. I consulted two different physicians but failed to get any relief. A friend from the East advised me to try Lydia E. Pinkham's Vegetable Compound. I did so, and no longer suffer as I did before. My periods are natural, every ache and pain is gone, and my general health is much improved. I advise all women who suffer to take Lydia E. Pinkham's Vegetable Compound."

Mrs. Tillie Hart, of Larimore, N. D., writes:

Dear Mrs. Pinkham—
"I might have been spared many months of suffering and pain had I only known of the efficacy of Lydia E. Pinkham's Vegetable Compound. I do not know how to express my gratitude to you for what you have done for me. I am a free woman now. No woman ever regretted writing her and she has helped thousands. Address Lynn, Mass. Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills."

PRICE, 25 Cts
TO CURE THE GRIP IN ONE DAY
ANTI-GRIPINE
HAS NO EQUAL FOR HEADACHE

IS GUARANTEED TO CURE GRIP, BAD COLD, HEADACHE AND NEURALGIA.
I won't sell Anti-Gripine to a dealer who won't guarantee it. Call for your MONEY BACK IF IT DOESN'T CURE.
E. W. Diemer, M.D., Manufacturer, Springfield, Ill.

LEWIS'S LEMON ELIXIR.
Is not a new and untried remedy. More than 150 years of a century attest its wonderful curative and health giving properties, and serve to show that it has no equal as a cure for Constipation, Biliousness, Indigestion, Sick-Headache, and all other ills arising from a
TORPID LIVER.
Being strictly a vegetable compound, it has no harmful or even irritating effects. Its action is gentle but none the less thoroughly cleansing the stomach and bowels of all impurities, and setting the entire system to a healthy condition—leaving the system feeling good, because every organ is made to perform its part perfectly.

A River That Bridges Itself.
For a stretch of twenty-two miles the River Colorado in Texas, has bridged itself with logs of wood, which have jammed so tightly from one bank to the other that even dynamite is powerless to clear a way. It was at first only a slight jam of logs, which three or four men could have dealt with effectively; but it has grown to an enormous size, and in some places, has become solid ground upon which teams cross from bank to bank as unconcerned as though a great river was not rolling swiftly underneath. The monster raft has become an object of interest to tourists, but the authorities are taking steps to break up the bridge as soon as possible.—Montreal Herald.

One Dollar for a Postal Card

This company will give one dollar for the first reliable testimonial of an opportunity to sell a steam engine or boiler of our standard types within our range of sizes. This does not include vertical, traction or gas engines. If you are of anybody intending to buy an engine or boiler tell us. A Postal will do.

ATLAS
ENGINES AND BOILERS
have for years been the standard for all steam plants. Best material and workmanship. Our big output enables us to sell small profits. An Atlas, the best in the world, costs no more than the other kind.
